

A photograph of a dining table and stools in a room with a wooden beam ceiling. The table is made of dark wood with a thick top and black metal legs. There are several stools with black metal frames and wooden legs. The ceiling is made of dark wood beams. The floor is light-colored wood. The word "BRIGGS" is written in large white letters across the middle of the image.

BRIGGS

ART FROM WOOD

briggs collection

Our Briggs Collection was born from a desire to create beautiful, efficient pieces for the modern commercial office. The silhouettes of all three tables are sleek and sturdy with a comfortable visual weight, making them each a perfect focal point for a space. The metal base tables, available with and without casters, provide concealed cord management for easily integrated technology options. The wood base table plays on the classic farm style table with a contemporary twist. Our Briggs Collection is the perfect companion to the continuously evolving workspace of today: flexible, mobile and, as with all our pieces, quality crafted.

briggs collection

Our Briggs Collection was greatly influenced by the needs of the modern office and was created to not only accommodate them but to do so with the added benefit of natural materials.
